Tie-break rules

1. The competitor with the higher second routine score (in qualification) receives the higher rank
 2. If they are still tied, the higher execution score for the second routine/final routine is the deciding factor
 3. If they are still tied, then the sum of all the execution scores is used
 4. Thereafter, the lowest execution score is dropped and the remaining scores added, and this continues until the tie is broken
- The underline mark indicates where the tie was broken
